By Telegram to THE SENTINEL.

INDIANAPOLIS, May 26.—A *New*, Hannitta, Rush county, special says that last night Wm. Riley cut the throat of his seven-year-old girl, Bertie, and then cut his own throat. Their dead bodies were found in bed this morning. Riley and his wife separated two months ago, and he afterwards kidnapped the girl. Mrs. Riley had begun suit to recover possession of Bertie and the case was to come up to-day.

Kentucky Criminals Lynched by a Mob.

LOUISVILLE, Ky., May 26.—Shortly after midnight this morning in response to a rap on the door, Jailer Bennett, of Franklin, Ky., opened it to find a number of pistols thrust into his face by a mob of seventy-five or a hundred masked men demanding keys to the jail which were turned over to the mob. They took from the jail Jerry Taylor and Wes Hicks, charged with burning Jas. Wheeler's barn and residence, and hanged them. Saylor made a full confession and implicated Hicks.

PHILADELPHIA, May 26.—In addition to the plans now before the council for the entrance of the Baltimore and Ohio railroad into the city is one to bring the main line into the very heart of the city over the elevated railroad to a permanent passenger station to be built near the Broad street station of the Pennsylvania railroad. The proposed elevated road is to run down Market street, running between Market and Chestnut streets from the Schuylkill to Sixteenth street. For the site of the new depot two entire blocks are to be purchased and torn away.

By Telegram to THE SENTINEL.

NEW ORLEANS, May 26.—Referring to the report in general circulation that General Burke had become responsible for the obligations of the world's exposition to the amount of \$150,000 and was thereby financially involved, General Burke declared that

he has not been called upon to surrender property to meet the exposition liabilities as has been widely published, and that his family can pay three dollars for every one they owe; that he was gratified by the sympathy expressed by his journalistic friends for his supposed financial misfortune, but is happy to say that such sympathy has been misplaced. Furthermore, that he in the enjoyment of excellent health and will get down to work in the Times Democrat in a few days.

Sullivan's Story.

By Telegram to THE SENTINEL.

CINCINNATI, May 25.—At the coroner's inquest to-day upon the bodies of the victims of last Thursday's fire, at Sullivan's printing works, the most important testimony given was that of J. J. Sullivan, the senior proprietor. He said the occupation of the fifth floor was of recent date, and that until within a week or two before the fire there were but seven girls up there. He had frequently told them that in case of fire they should escape by the roof. There was a movable ladder up there to reach to the trap door and the girls were told of this. They laughed when he told them of this mode of escape and said they could easily get out that way. He had not spoken to the recently employed girls about this escape. Even if the ladder was not there the girls could have piled up books and paper and easily have reached the roof. His brother, who ran to the fifth story, escaped that way. In another part of the fifth floor was a skylight leading to the roof.

Failed to Make a Settlement.

By Telegram to THE SENTINEL.

PITTSBURGH, May 25.—The scale conference of the iron manufacturers and the Amalgamated association, which has been in daily session since last Friday, adjourned sine die this evening without having reached a settlement. Secretary Martin, of the Amalgamated association, in speaking of the conference to-night, said: "Perfect harmony prevailed, but the manufacturers wanted too much. In the interest of peace, the iron maker's committee made concession after concession until finally they were compelled to refuse to make any more changes." Concluding Mr. Martin said they would stand out for six months longer if it was necessary to gain their point. If the mills close down nearly 100,000 will be thrown out of employment.

Sherman on the Pacific Slope.

By Telegram to THE SENTINEL.

SAN FRANCISCO, May 25.—Senator John Sherman, visiting this city, was tendered a public reception this afternoon by the members of the chamber of commerce board of trade and manufacturing association. In replying to the address of welcome, Sherman touched on the silver question and said:

"We want a certain adjustment between silver and gold; that both these metals may be coined free; that they may be deposited in the United States treasury in exchange for money certificates, and both be so adjusted that they may travel all over the world equal to each other in every land. To accomplish this silver must be purchased, coined and paid out at market rates or received on deposit at market rates, paper money issued for it. This will give a bi-metallic money, not only in San Francisco, but in New York, London and other parts of the world."

Sherman leaves Wednesday for Oregon and Washington territory, going east via the Northern Pacific.

Tarred and Feathered.

By Telegram to THE SENTINEL.

CLEVELAND, May 25.—A short time ago R. S. Hathaway, city editor of the Toledo Democrat, visited Newark. When he returned to Toledo he prepared an article of a column in length which appeared in last week's Democrat, of a very gross and obscene character and which was a libel on the character of several young married men, charging them with robbing the affections of certain young married ladies (a former resident of Cleveland) and of being the means of breaking up the once happy couple. He mentioned the names of the young men and ladies as well. This morning Hathaway was discovered at the St. Charles hotel, and three or more of the abused parties being apprised of the fact made preparations to give him a severe punching. They made preparations quietly, and going to the hotel found Hathaway. They seized him, stripped him of his clothing, and taking him to the yard in the rear of the hotel, rubbed the young man in a close fitting coat of tar and feathers and then left him alone in his glory. He managed, by some means or other, to scrape enough of the mixture off his person to put on his clothes, and took the first train for Toledo, but not before he had sworn vengeance on the perpetrators.

The Presbyterian General Assembly.

By Telegram to THE SENTINEL.

CINCINNATI, May 26.—At the Presbyterian general assembly this morning it was found necessary to restrict the attendance, in order to keep the aisles clear. Of the seven overtures acted on by presbyteries during the past year, all but one was answered in the affirmative. Action on the latter gives the church the privilege of dropping the name from its rolls of a member who requests it, because of a change in views, but who is not chargeable with any immoral conduct. The overtures pertaining to book discipline from presbyteries of Los Angeles, Washington City, West Chester and Hudson were answered in the negative.

A resolution of sympathy with General

Grant was unanimously adopted. The standing committee on home missions reported that the board is \$110,000 in debt, although it has received in contributions more than ever before. The deficiencies arose from the decrease in legacies. The total receipts were \$498,690. Ministers supported wholly or in part by the board number 1,435. In the past year 135 new churches and 340 new Sunday schools have been organized and 7,000 members have been received into these churches.

WASHINGTON, May 26.—Now that the president has decided not to give the Chinese mission to California, the friends of Colonel Denby, of Evansville, are urging him for the place.

Minister Rufus Magee, of Indiana, is here.

APPOINTMENTS.

Zeach Montgomery, of California, was to-day formally appointed assistant attorney general for the interior department. The president appointed the following presidential postmasters: J. E. Kicholtz, Sunbury, Pa.; vice Jacob Rohrbach, commission expired; Jacob Odell, Youngstown, N. Y.; vice M. D. Raymond, commission expired; Samuel Smead, Fond Du Lac, Wis.; vice George E. Sutherland, suspended upon inspector's report showing that the postmaster had paid to a clerk employed in his office, his nephew, a sum of \$5 per week as salary for him as clerk when his services as such clerk were only nominal and unnecessary.

INDIAN OUTBREAKS.

A telegram in regard to the recent outbreak of which the following is a copy was to-day sent to the commanding generals of the division of Pacific and Missouri:

"Use every exertion possible and call for all the assistance of federal troops you may require to suppress the Indian outbreak in Arizona and New Mexico. These outrages must stop at the shortest time possible, and every precaution taken to prevent their recurrence in the future, by order of the secretary of war. R. C. DRYDEN."

Adj't. General.

The above order is the result of a conference between the president, secretary of war and Oliver S. Teall, of New York, this morning.

BALTIMORE, May 25.—Judge Phelps in the circuit court of this city to-day signed a decree ordering the sale on June 18, of all the property of the Bankers and Merchants telegraph situated in the state of Maryland upon complaint of Francis P. Stevens. The bill charges that the two mortgages of \$3,000,000 and \$1,000,000 respectively, are void and inoperative on account of the non-compliance with the Maryland laws of the affidavits and acknowledged genuineness of the signatures of the consideration. The farmers' loan and trust company, of New York, trustees under the mortgage, are made parties of the defendant by order of publication.

GETTING SERIOUS.

Two of the Kerr Murray Work-

men Assaulted and Others

Threatened.

The Kerr Murray strike assumes a

serious phase and trouble was inaugurated this morning, when two non-union workmen were waylaid and knocked down on Harrison street. The names of the men can not be obtained but one of them is a brother-in-law of Henry Stier and both board at the corner of Berry street and Maiden Lane. One of the workmen was struck down a second time on Jefferson street, but neither one know the men who assaulted them. This outrage should be investigated and the perpetrators punished. It will drive public sentiment away from the Kerr Murray strikers, who all along behaved themselves until this week. Yesterday they congregated on the sidewalk and made the few workmen employed by Mr. Croeder run the gamut. Information will be lodged against Gust Eiter, who threatened the life of a negro employed at the Kerr Murray Ship. The SENTINEL cannot countenance violence, although it has all along spoken kindly of the strikers.

SPRINGFIELD, Ill., May 26.—Ex-Gov-
ernor St. John, of Kansas, addressed a
small audience at the court house here
last night. He severely castigated the
republicans of the house of represent-
atives for refusing him the use of the
hall for a lecture. He charged that the
refusal was the outgrowth of spite. He
berated the republican party generally
and lauded the south, claiming that in
all qualities of morality and good gov-
ernment that section was in advance of
the north. This was especially the case
in regard to temperance, since there was
a larger area of territory where absolute
prohibition prevailed by the operation of
local option.

Retaliatory Measures.

By Telegram to THE SENTINEL.

CHICAGO, May 26.—When the Chicago
Board of trade refused, four weeks ago,
to allow its quotations to go to any sub-
scribers not approved by its committee
on market reports it excluded the quotations
from the open Board of Trade, the
latter corporation retaliated by begin-
ning its day sessions at 9 a. m., half an
hour earlier than the Board of Trade,
and has remained open until 3 o'clock
each afternoon. The Board of Trade
yesterday decided to renew giving its
quotations to the open board, but the
latter Saturday completed arrangements
with the Merchants' and Bankers' Tele-
graph company to send out its own
quotations and has taken no definite
action with respect to the proposal made
by the Board of Trade.

By Telegram to THE SENTINEL.

OAKLAND, Ill., May 26.—During the
severe storm of Sunday night, the resi-
dence of Alie Winglee, seven miles north-
west of this city, was struck by light-
ning. The flash came through the win-
dow and Mrs. Winglee was struck, and
died without a struggle. Miss Van

is still unconscious, and Mr. Winglee
and two others of the family were struck
but did not lose consciousness.

Dan Campbell Promoted.

Dan Campbell, son of the popular Wa-
lsh blacksmith shop foreman, yester-
day received notice of a nice promotion
from yard switchman here to the im-
portant place of bridge inspector on the
Walsh road from Moberly, Mo. to De-
troit, Mich. Mr. Campbell was educated
for a civil engineer and this appointment
gives the young man an opportunity to
utilize his knowledge.

General Master Mechanic Barnes did
a clever thing in selecting Jim Hartnett
to take Mr. Campbell's place in the Wa-
lsh yards. Hartnett held the place be-
fore the late strike, but as he quit with
the shoemen Mr. Johann would not per-
mit him to return to work.

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort
Wayne a Manufacturer of Mixed Paint and Grinders of Colors, where you can buy
your Paints from first hand instead of paying the middle man his profit, which are
from 25 to 33 per cent. O. L. STARKEY, the Painter and proprietor of the Fort
Wayne Paint and Color Works, came to Fort Wayne in April, 1885, and is iden-
tified as one of the old citizens who has helped build up Fort Wayne, and his knowl-
edge of Paints and the composition of pigments to form different shades and tints is
well-known to the public, and his long practical experience in painting gives him
the knowledge of Paints that a mere dealer cannot have for he does not know any-
thing about Paints, as he buys them sealed up and he cannot tell you what it takes
to make this or that shade. All he knows is what the label on the cans says.
Neither can he tell you shades that will or will not fade. By buying your Paints
of O. L. STARKEY you can get all the information you want. I am making
Liquid Paints in all shades and colors; also the same shades and colors in paste
form, the same thickness as white lead and requires thinning down the same as
white lead. In making the different shades my formulas are all registered giving
the amount of each color it takes to form certain shades all thoroughly mixed to-
gether in the powder mills, then wet down and run through a mixing machine, and
from there to the mills where it is all ground together making a pigment that can-
not be made by hand. Call or send and get some of my sample cards of colors and
tints; also see elevations of gothic houses colored up with four and five shades,
which will give you a good idea how to paint and ornament the outside of your
houses.

TUESDAY, MAY 26, 1885.

THE CITY.

Charley Falk was at Lafayette last Sunday.

A Gypsy social occurred at the Grand Army hall last night.

This week will positively be the last opportunity to consult Dr. Nicholls.

Mrs. Frank Greenwell, of Huntertown, is the guest of her brother, C. H. Hunter.

The Frolique polo team has disbanded for the season. Next winter the boys will organize again.

Wm. Conrad's safe was broken open Saturday night at Warsaw, and the burglar came this way.

Henry Kaiser, one of the best known and most respected residents of Marion township, was buried today.

The meeting of the Northern Indiana Editorial association has been postponed until Thursday and Friday, June 18 and 19.

The streets of the city are in bad shape for want of gravel filling. West Berry street, especially, is worse than a country road.

The cottage prayer meeting of the R. Y. C. A. will be held this evening at the residence of W. F. Magnus, on Samuel street.

Davis, captain of the steamboat Besse, at Maxinkuckee, last summer, has been arrested as a deserter from the United States army.

The new Pittsburg car shops, in the eastern part of the city, are ready for business. The carpenter benches were put in place yesterday.

The mixed chorus for the approaching state convocation has its first rehearsal at Arion hall last night. Prof. Otto Schmidt directed the singing.

The state agricultural board reports an immense acreage of corn throughout the state, with good prospects. Allen county heads the list in acreage and quality.

Yesterday in Justice France's court Henry Krause, who lives in Nebraska, was fined for maintaining a nuisance. The prosecuting witness was Frederick Kansas.

The Richmond Palladium says: "Mr. and Mrs. Jesse L. Williams, of Fort Wayne, were in the city last week, visiting Mr. Williams' sister, Mrs. Mendonhall, of North Ninth street."

Noah Coverdale, a farmer in Pleasant township, accidentally shot himself yesterday. The wound is in the cranium and it is by no means certain he will live. His brother, A. B. Coverdale, lives in this city.

A young man named Nutt, who lives at Fowler, Ind., went to Wolcottville, north on the Grand Rapids road, to see his sweetheart. The girl did not greet him with open arms and a kiss, so young Nutt sent a bullet through his head.

Mr. Tomlinson, father of Herbert Tomlinson, the expert skater who holds the championship belt of Indiana and Michigan, has a great patent for the manufacture of harness, and last week sold the right for Illinois, at Chicago, for \$10,000.

Yesterday Fort Wayne lodge No. 14, I. O. O. F., sold their lot at the corner of Harrison and Berry streets to J. O. Keller and A. G. Strain. The consideration was \$6,000. The Keller Medicine company will build an immense store on the ground.

Nearly every school teacher in the county is a candidate for school superintendent and with astonishing unanimity vote for the "county for a change." Tax Sektinier bids them all good speed, for, as James Summers once said, "This week-end man sometimes wins."

A special telegram from Logansport says: "Hon. Rufus Magee and family left at noon today for New York, where they embark for Stockholm. A large crowd assembled at the depot and bade them farewell. The people of the city and county sincerely regret Senator Magee's departure."

Among the list of appointments made by the president last week, the Hon. John C. Wickliffe, of Kentucky, was named as United States marshal for the district of Kentucky. The above Wickliffe is ex-United States senator of Kentucky and a cousin of Deputy County Treasurer Mike Wickliffe, of this county.

In Justice Ryan's court yesterday Collins Bailey had Alonzo D. Halson fined for provoking. Mrs. Bailey is the wife of the colored Berry street barber, while Halson leaves the "razah" on East Columbia street. "This is the 'initiation' step in a bitter war," remarked a colored belle last night to the prosecuting attorney.

Wm. Morris, the newly appointed master mechanic of the Wabash, here, arrived in the city last evening from Palestine, Texas, where he had been assistant master mechanic. He will assume his duties next week and remove his family to this city. He is a son-in-law of H. N. Ward, the Columbia street crockery dealer, and is a well-made young man having risen to the position he now holds by his own energy and hard work.

The grand jury meets next Monday.

Brush Meyers, the barber, is lying at the point of death.

W. D. Maier and daughter are at home after a pleasant trip.

Charley King, the Cincinnati liquor salesman, is at the Aveline.

Forepaugh's circus covered ten acres of ground at Indianapolis yesterday.

Dr. C. T. Melchheimer, of Bluffton, and Dr. Metz, of Oshtemo, are in the city.

The county commissioners met this afternoon to let a few small bridge contracts.

In the suit of Lee vs. Foellinger, Judge Hanch this morning awarded the plaintiff \$600.

The electric light arms about the town are breaking. The timber was strung up first for temporary service.

Sam W. Oppenheimer, a brakeman on the Wabash, had his left hand cut off last night at Peru, while making a coupling.

The county commissioners meet next Monday to make the annual poor settlement with the township trustees and do other business.

H. J. Gerding, the ex-trustee of Lake township, had a big barn raising on his farm today, and quite a party went out from this city.

Daniel Quinlan, Edward Byrnes and John Shunk were arraigned before Mayor Muhler for drunkenness this morning and sent to jail.

Deputy Marshal Limecooley arrested two young men for fighting at the south depot last night. The young fellows are of good family and The Sentinel will not give their names.

The indications for the lower lake region, as reported by the weather bureau at Washington to The Sentinel, are as follows: Fair weather, south to west winds, slightly warmer.

The council meets to-night and the lobby will be packed. The charges against Councilmen Wolf and Vordermark will be read and referred to the committee of the whole.

The Toledo Bee says: "Mrs. L. W. Campbell and Master Earl will leave today for Fort Wayne, where Mrs. Campbell will visit her sister. They will be absent a couple of weeks."

The will of Franz Eickhoff has been filed in the county clerk office. He leaves his property entirely to his sons, Charley and Barney Eickhoff, and names Daniel Lohmeyer as executor.

Frank Langohr, son of Andy Langohr, the Broadway merchant, was married to Miss Rosa Geisler, at Columbia City, today. Jim Klinger and twenty other friends and relatives of Mr. Langohr went there to witness the ceremony.

Mary H. Williams to Wm. T. Hume, lot 198 Hamilton's fourth addition, for \$900; Joseph Burkholder to John Erickson, lots 27 and 28, Tyler's addition, for \$900; John Schwelm to Sophia Weizner, lot 10, Rebling's addition, for \$250, are the city transfers.

H. W. Monihurst was severely scratched about the face this morning, while assisting in the removal of the Sunday school tree from Trinity church. The decorated growth fell and Mr. Monihurst's face collided with its branches. Obstacles beset even the life of a Sunday school superintendent.

The Matlock company presented "A Celebrated Case" to a rather good audience at the Academy last night. The company is strong and the melodramas always interesting. The play will be repeated to-night and to-morrow night. Thursday night the "Lady of Lyne" will be given, and "Damon and Pythias" Friday night. Howard & Whitney, the "Bamblers," are the attractions next week.

The Wabash Excursion.

This morning at 6 o'clock seven car loads of Wabash workmen, with their mothers, wives, sisters and sweethearts, went to Lafayette on a special train.

There they joined pleasure seekers from Springfield, Decatur and Danville and all made merry in a shady grove tastefully decorated for them near Lafayette. The excursionists return to-night. The Sentinel sent Mr. P. J. Fallon as its special representative.

A Correction.

An item appeared in yesterday's Sentinel wherein the statement is made that the St. Bernard Branch No. 103, Catholic Knights, have appealed from Father Braunmar's decision, etc. This statement is not true.

HENRY C. BERNHARDT, President.

A Bad Crowd of Romanians.

A band of Romanians, with performing bears, monkeys and dirty women and children, struck the town yesterday and were promptly escorted out by Marshal Meyer. At Sheldon the party broke a man's arm and stole everything they could move along the road. Near Philadelphia, a year ago, this party lost a little babe, which, immediately after its death, they fed to the bears. The human people were arrested and confined to jail for a long time. They several times repented the revolting work since.

ALMOST A MURDER.

Particulars of the Quarrel Between the Nickel Plate Men at Stony Island.

Yesterday THE SENTINEL noted the stabling of Albert Hagerman, a Nickel Plate engineer, by Henry McMullen, a switchman at Stony Island. The quarrel arose about a girl, whom McMullen insulted and Hagerman espoused. McMullen threatened to "get even" with Hagerman and the Chicago Times says that McMullen approached Hagerman, who was standing in front of the Dougherty saloon, and immediately began the quarrel. Blows and a scuffle followed, when suddenly McMullen drew a long bladed knife from his pocket and plunged it several times into Hagerman's face and body. The men were separated by the crowd which had gathered, and medical aid was at once summoned to Stony Island from Grand Crossing and South Chicago. Hagerman was attended by Drs. Chapman and Pease, of Grand Crossing, and Meeker, of South Chicago, the former arriving on an engine sent for the purpose. An examination of the wounds disclosed two dangerous cuts, extending from the left eye downward and across the face to the right jaw, laying bare the bones. There was also an ugly stab in the right cheek and one in the shoulder. The doctors pronounced the wounds dangerous, but not necessarily fatal. The wounded man was resting easily last night.

McMullen escaped, but was afterward captured in the woods at Stony Island, after a chase by the south Chicago patrol wagon, aided by a number of citizens. He was jailed at South Chicago.

Shooting Match.

A very important shooting match took place in White's addition yesterday afternoon. Following is the result:

The first match, \$1.00 entry, five black-birds, eighteen yards rise. Mergel, Challoway and Wurtle divided first and M. Witzgarrille took second prize.

Second match, \$3.00 entry, ten black-birds, twenty-one yards rise. Wurtle took the first prize; John Hughes, second, and Wm. Durfee, third.

Third match, double birds, \$1.00 entry, ten black-birds, eighteen yards rise. School, of Lagrange, took first prize and Wurtle took second.

Fourth match, \$1.00 entry, ten black-birds. Mergel took the first; Charles Miller the second, and School, third.

Fifth match, \$1.00 entry, five birds, eighteen yards rise. Durfee took first; Flickenstein, second, and Charles Miller, third.

Sixth match, \$1.00 entry, five birds, eighteen yards rise. Miller took first; Mergel second, and School, third.

Seventh match, \$1.00 entry, five birds, eighteen yards rise. W. Smith took the first and Mergel second.

Report of Grand Lodge Officers.

The officers of the Grand lodge of Indiana, Free and Accepted Masons, have presented their report for the year closing May 20 to Albert P. Charles, grand master. The Grand lodge provided last year for the filing of the reports in lieu of presenting them before the annual meeting, which was waived for this year. W. H. Smythe, grand secretary, reported receipts for the year, \$38701.43; disbursements, \$39,132.36; cash balance, \$569.07. During the year \$18,000 of the bonded debts have been paid, and the balance of the outstanding bonds, \$14,000, will be paid before the next meeting of the Grand lodge, in May, 1886. The report was approved by the grand master.

The New Building Association Law.

The Elkhart Building and Loan association, organized in 1880, has filed new articles of incorporation under the law passed by the last legislature. The bill was passed hurriedly through, but the wisdom of its provisions was so doubted by Governor Gray that he allowed it to become a law without his signature. The greatest change which it makes is in allowing directors of an association to loan its money to persons who are not stockholders and to accept personal security for loans. It is believed by persons who are conversant with the affairs of these associations that the new law is a dangerous one.

Closing the Games.

Last night Captain Diehl and a posse of police raided the gambling house over the Occidental saloon, and Al Guion, John Blue, John Crooke, David Rhodes, George Smith, Philip Kreggan, Marion Krause and Charles Parker were placed under arrest. Save Krause and another man the party put up money and forfeited the handle at police court this morning. Captain Diehl will close all the gaming rooms in the city and drive the men who live by games of chance to some other occupation. Public sentiment backs up Captain Diehl.

A New Course of Study for High Schools.

At the last meeting of the State Teachers' association a committee was appointed to prepare a uniform course of study for the high schools of the state, and yesterday four members, Mrs. Mollen, of Marion, Professor Parsons, of the

state normal, Superintendent Jones, of Indianapolis, and Boone, of Frankfort, met at the Grand hotel, Indianapolis, and made a report on the course of mathematics, English and Latin. These are to be formulated and sent to the other members for revision. Another meeting will be held October 1.

Will Meet Rates of Competition.

The Pennsylvania people yesterday took another aggressive step. The cut in rates, mentioned in yesterday's telegrams, affect all trains, except the New York and Chicago limited, the rates for this remaining as heretofore. Agents throughout the country have been notified of the change, and have been furnished with special orders. Where points are not covered in the special the agents are instructed to continue the use of the regular rates, and New England agents are instructed to add local rates to New York to the new figures and make the time limits for one day more. To further enable the use of continuous train tickets to Chicago, Cincinnati, Cleveland, Columbus, Council Bluffs, Fort Wayne, Indianapolis, Kansas City, Leavenworth, Nebraska City, Toledo, St. Joseph, St. Louis, and points beyond these cities reached by connecting lines, the ordinary limited tickets are to be cut and the coupons used with the new tickets.

The State W. C. T. U.

The state W. C. T. U. convention is to be held in the city, beginning this evening, and all lovers of their home, their God and their native land will take great interest in these meetings, which will be held in the Berry street M. E. church. The evening sessions will be particularly interesting. Mrs. Frances Willard, one of the most eloquent women of our land, will give an address during the convention; Mrs. Wells and many other prominent workers will also give addresses. The citizens of Fort Wayne should feel honored that this convention is to be in their midst. They should crowd the lecture rooms and show these women that they are also lovers of humanity.

A Stove Foundry Proposed.

Dick Cook, of Huntington, is in the city with a view of obtaining a site for a new stove foundry he is anxious to establish here. Mr. Cook, was a member of the firm of Cook & Simonton, stove founders recently burned out at Huntington. The firm will dissolve partnership and neither want to continue business at Huntington. Mr. Cook yesterday looked through the Gause Mower Works, and may submit a proposition for the purchase of that building. These institutions build up a town and should be encouraged, but unfortunately there is no association of business men to properly encourage them.

Miss Sloan, of New York, will be at the Aveline, Monday, Tuesday and Wednesday, with a large assortment of Trimmed Hats and Bonnets, including the latest importation from Paris. 25-3t
